PAN Foundation

HOW TO:

LOG IN TO THE PATIENT PORTAL

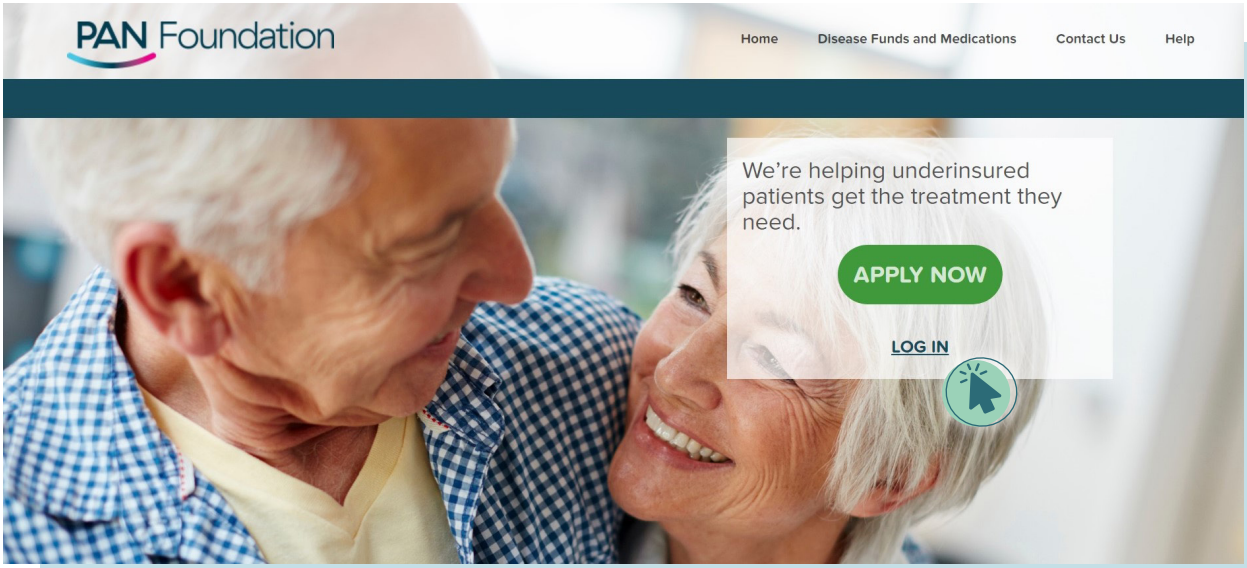
For users who already have an account

The Patient Access Network (PAN) Foundation created this easy-to-use guide that shows you how to log in to the Patient Portal once you have created an account.

Please note: Patient Portal access is only available on a desktop or laptop computer. The portals are not accessible on a mobile phone or tablet.

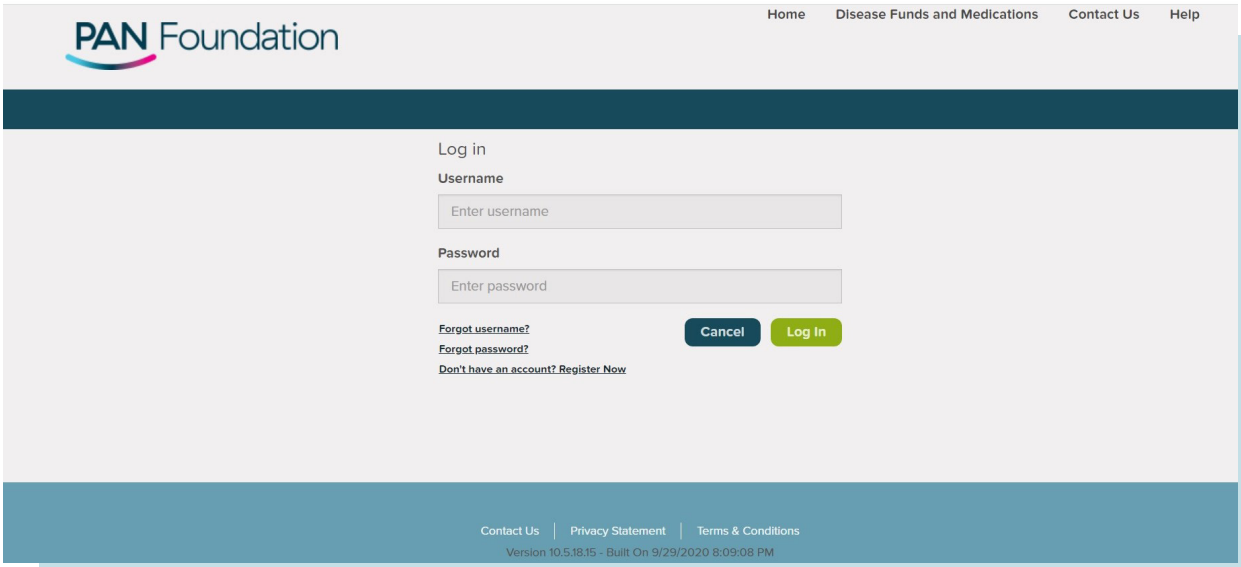
1

You can log in through the patient portal website at **panapply.org** and click **LOG IN.**



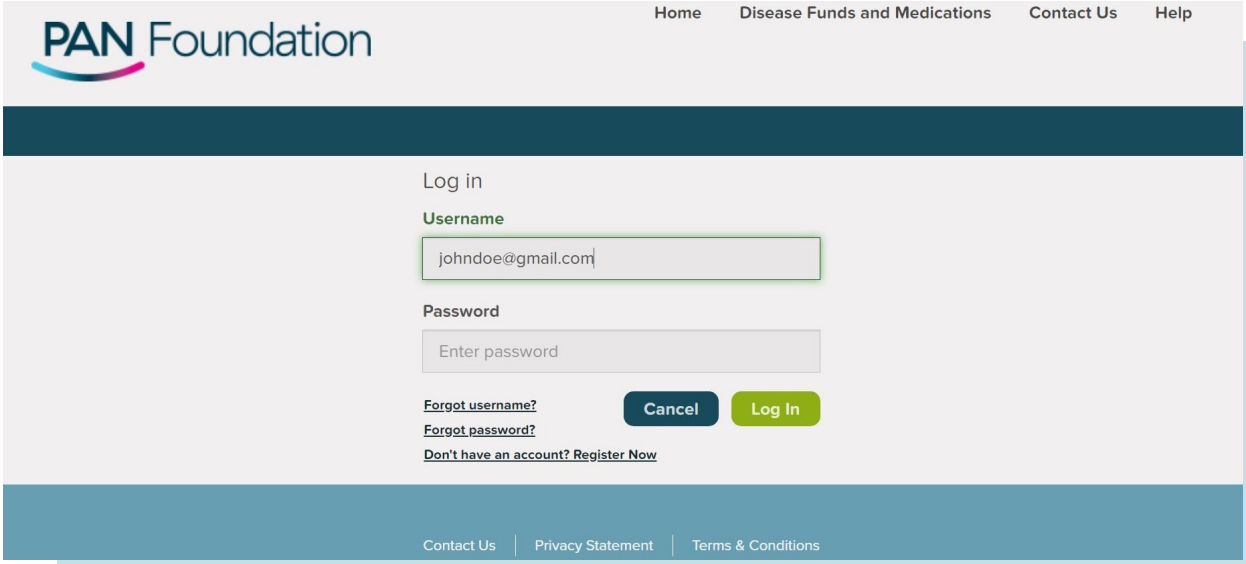
2

OR you can go directly to the Patient Portal login page at **panapply.org/Account/LogIn**. Both ways will take you to the Log in page.
(We recommend bookmarking this link in your favorite internet browser.)



3

On the Log in page, enter your email address in the Username box.



4

Enter the temporary Password sent to you via email from the PAN Foundation. The temporary password is in your Registration Confirmation email and expires within 24 hours. Once you have logged in, you will be prompted to reset your password.
Be sure to complete the log in process by clicking the green **Log In** button.
