

HOW TO:
SIGN UP FOR A WAIT LIST

If the assistance fund is closed

The Patient Access Network (PAN) Foundation created this easy-to-use guide that shows you how to sign up for the wait list. Disease funds open and close based on funding. If the fund is currently closed, you can still sign up for the wait list and get notified when the fund opens for applicants.

Your place on the wait list does not guarantee assistance. Assistance is awarded to eligible applicants on a first-come, first-served basis, and is subject to each fund's criteria.

Please note: Patient Portal access is only available on a desktop or laptop computer. The portals are not accessible on a mobile phone or tablet.

Do you have a Patient Portal account? There are two ways to sign up for the wait list from the Patient Portal.

Click here to sign up from the Disease Funds and Medications tab.

Click here to sign up by starting an application.

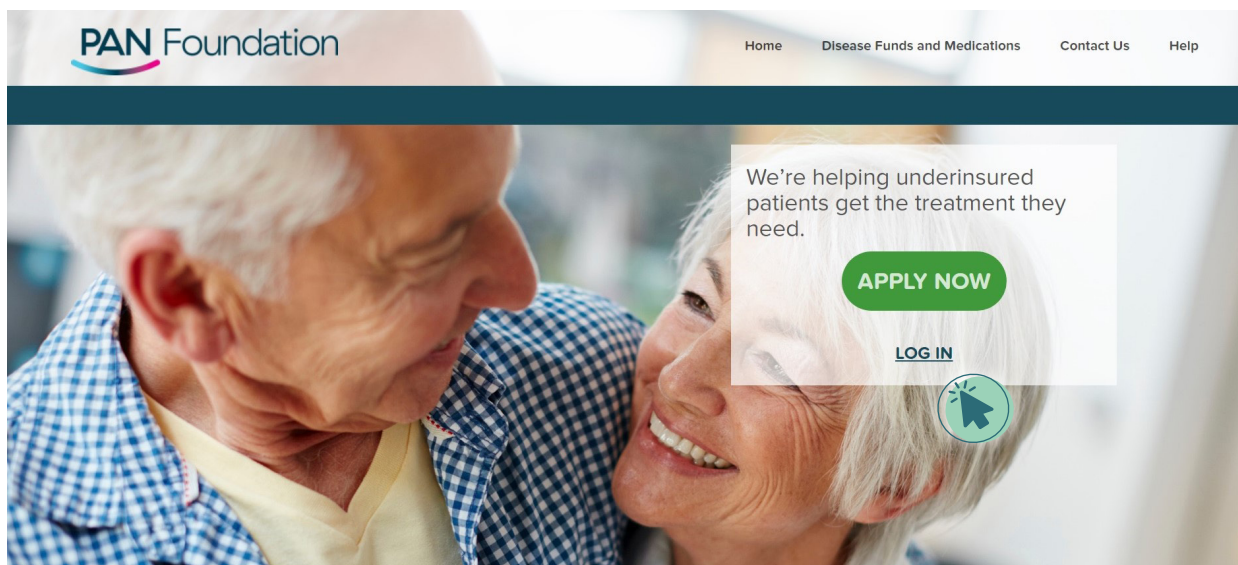

Don't have a Patient Portal account?

Click here to sign up for the wait list on panfoundation.org.

1

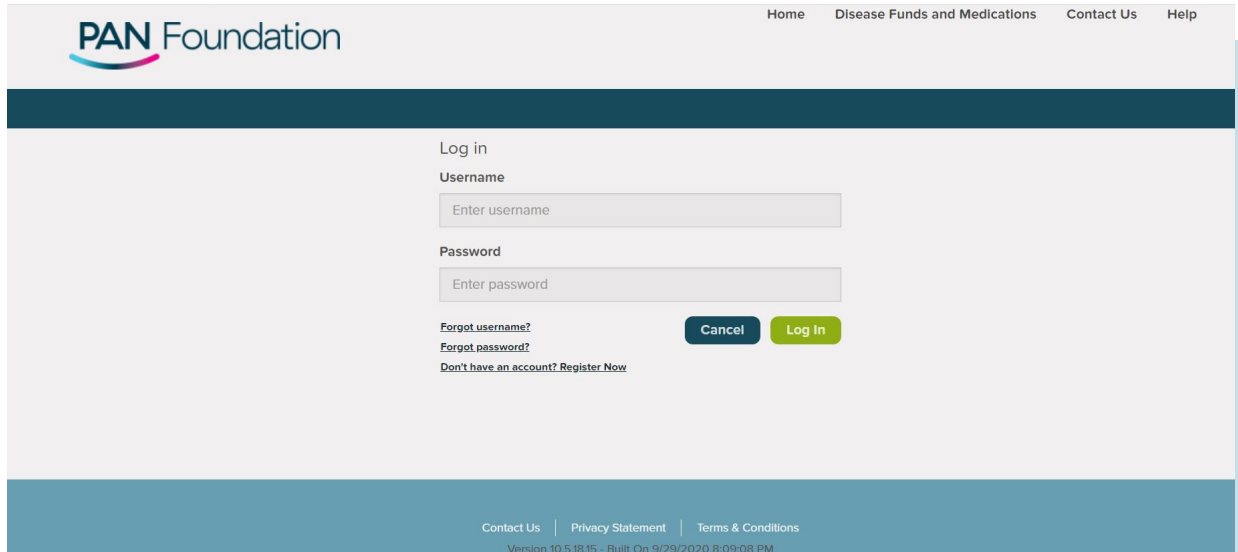

Option one, if you have a Patient Portal account

Access the Patient Portal through **panapply.org** and click **LOG IN**.

2

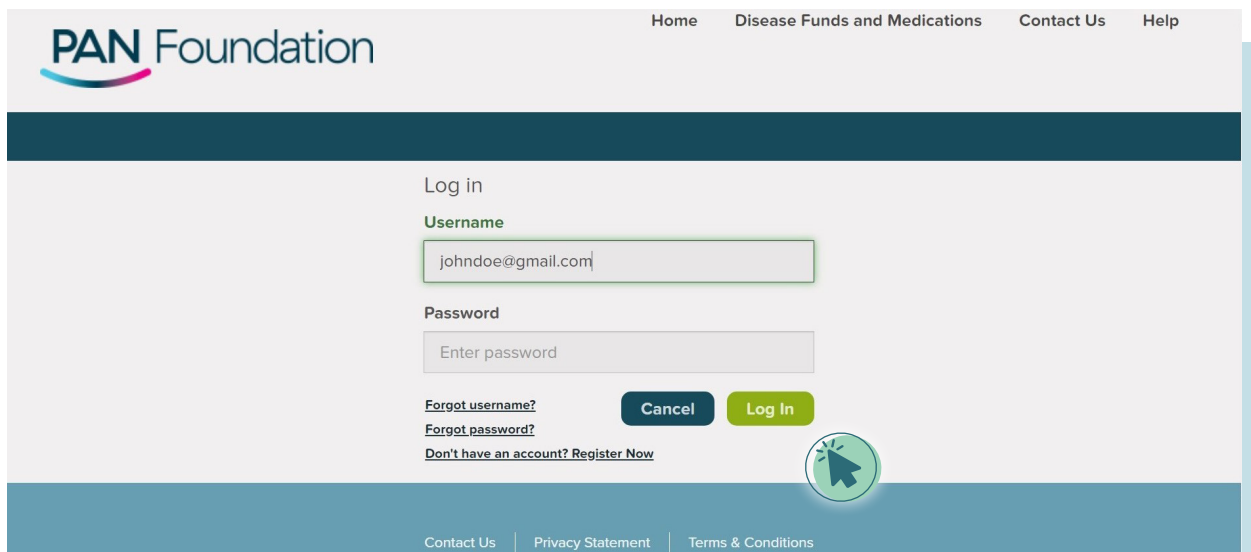

OR you can log in directly to the Patient Portal link at panapply.org/Account/Login. Both ways will take you to the Log in page.
(We recommend bookmarking this link in your favorite internet browser.)

The screenshot shows the PAN Foundation website's login page. At the top, the PAN Foundation logo is on the left, and navigation links for Home, Disease Funds and Medications, Contact Us, and Help are on the right. The main content area is titled "Log in" and contains two input fields: "Username" with the placeholder "Enter username" and "Password" with the placeholder "Enter password". Below these fields are three links: "Forgot username?", "Forgot password?", and "Don't have an account? Register Now". To the right of these links are two buttons: a dark blue "Cancel" button and a green "Log In" button. At the bottom of the page, there are links for "Contact Us", "Privacy Statement", and "Terms & Conditions", along with a version string: "Version 10.5.18.15 - Built On 9/29/2020 8:09:08 PM".

3

On the Log in page, enter your email address in the Username box and your password in the Password box. Then click the green **Log In** button.

This screenshot shows the same PAN Foundation login page as the previous one, but with user input. The "Username" field now contains the email address "johndoe@gmail.com" and is highlighted with a green border. The "Password" field still has the placeholder "Enter password". The "Log In" button remains green and is now being pointed to by a green mouse cursor icon. All other elements, including the navigation links, footer, and links, are identical to the previous screenshot.

4

Once logged in, you'll see your unique Grant Summary page, which includes information about you and your grants. On the top of the page, next to Home, click on Disease Funds and Medications.

The Disease Funds and Medications page lists all funds by Disease Fund Name, the fund's Status, and the Action permitted with the fund. Search for the disease fund that applies to you. You can do this in one of three ways:

1. Type in the disease name in the Type or Choose a Disease Fund box, making sure the **Search by Disease bubble** is selected, and click **Search**.
2. Or type in the medication name in the Type or Choose a Disease Fund box, making sure the **Search by Medication bubble** is selected, and click **Search**.
3. Or scroll down the list using the first gray bar to the right of the Action list.

Once you have found the applicable disease fund or medication, click on the blue **Enroll to Wait List button**.

6

Sign up for the Disease Fund Wait List by completing the patient information form, including all fields with an asterisk (*). Because you are already logged in, some of your patient information may be filled in the form automatically. Make sure all information is correct.

Please note: You will receive an email notification when funding becomes available to patients on the wait list. This notice will be sent to the email listed here, as well as the email of your caregiver. Listing a caregiver is optional, but can be helpful to ensure you are able to apply for funding promptly.

Click the green **Submit button** to finish signing up

Find a Disease Fund

Search by Disease or Medication

The PAN Foundation offers nearly 70 disease-specific assistance programs.

These assistance programs help patients pay for their out-of-pocket costs, such as deductibles, co-pays and coinsurance, travel expenses and health insurance premiums.

Don't see your disease or medication?

We still may be able to help. Send us a message or call [1-866-316-7263](tel:1-866-316-7263).

2

As you type, funds that match your search will appear. When you see the fund you're looking for—which in this example is bladder cancer—**click on it**.
