How to apply for financial assistance for your patients

1

Check if a fund is open

There are three ways to check the status of PAN funds:

1. Visit PAN's website, panfoundation.org
2. Use a PAN portal account, panfoundation.org/panportals
3. Call us at 1-866-316-7263 (Monday through Friday, 9:00am – 5:30pm ET)

2

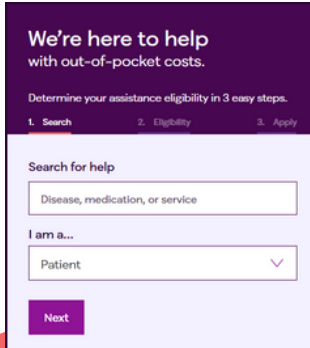

Verify your patient's eligibility

Eligibility varies by disease fund and type of grant. In general, to qualify for a PAN grant, your patient must meet these criteria:

- ☐ Be getting treatment for the disease named in the disease fund.
- ☐ Have health insurance that covers their qualifying medication or product.
Note: health insurance requirements vary by disease fund.
- ☐ Be prescribed a medication or product that is listed in PAN's list of covered medications for that disease.
- ☐ Have an income that falls at or below the indicated level of the Federal Poverty Level. **Note:** income requirements vary by disease fund.
- ☐ Reside and receive treatment in the United States or U.S. territories.
Note: U.S. citizenship is not required.

Tip: Use our homepage eligibility tool to check your patient's eligibility for a disease fund and begin the application process right from the panfoundation.org homepage.

Patients can apply for a PAN grant if they are: currently in treatment or taking medication for their diagnosis, or got treatment in the last 90 days, or scheduled to begin treatment in the next 120 days.
